# DURGA DEVI R

The screenshot shows a web browser window with the Docker Hub website. The browser's address bar shows 'hub.docker.com'. A security advisory banner at the top reads: 'Security Advisory: Critical OpenSSL Vulnerability - [learn how](#) to tell if your repository is vulnerable.' The navigation bar includes the Docker Hub logo, a search bar, and links for 'Explore', 'Repositories', 'Organizations', 'Help', and an 'Upgrade' button. The user's profile 'durgadevi11' is visible on the right. The main content area features a large blue banner with the text 'Welcome to Docker' and 'Download the desktop application', with a 'Download for Windows' button. Below this, three cards provide further guidance: 'Create a Repository' (Push container images to a repository on Docker Hub), 'Docker Hub Basics' (Watch the guide on how to create and push your first image into a Docker Hub repository), and 'Language-Specific Guides' (Learn how to containerize language-specific applications using Docker). The Windows taskbar at the bottom shows the search bar and several application icons, with the system clock indicating 6:01 PM on 10/31/2022.
